TEST FAILED ⚡ Actions ∨

Priority	⌃ Critical

Details

Environment

Phone (Nothing Phone (1))

1. OS 2.5.2; Chrome 123.0.6312.120

App version: 1.0.3

Description

Using a mobile phone, the app doesn't require any logging in credentials. Instead app is recommending to install the Directory App. All the pages (Home, Directory, Profile and Log out) are working without logging in and installing the app.
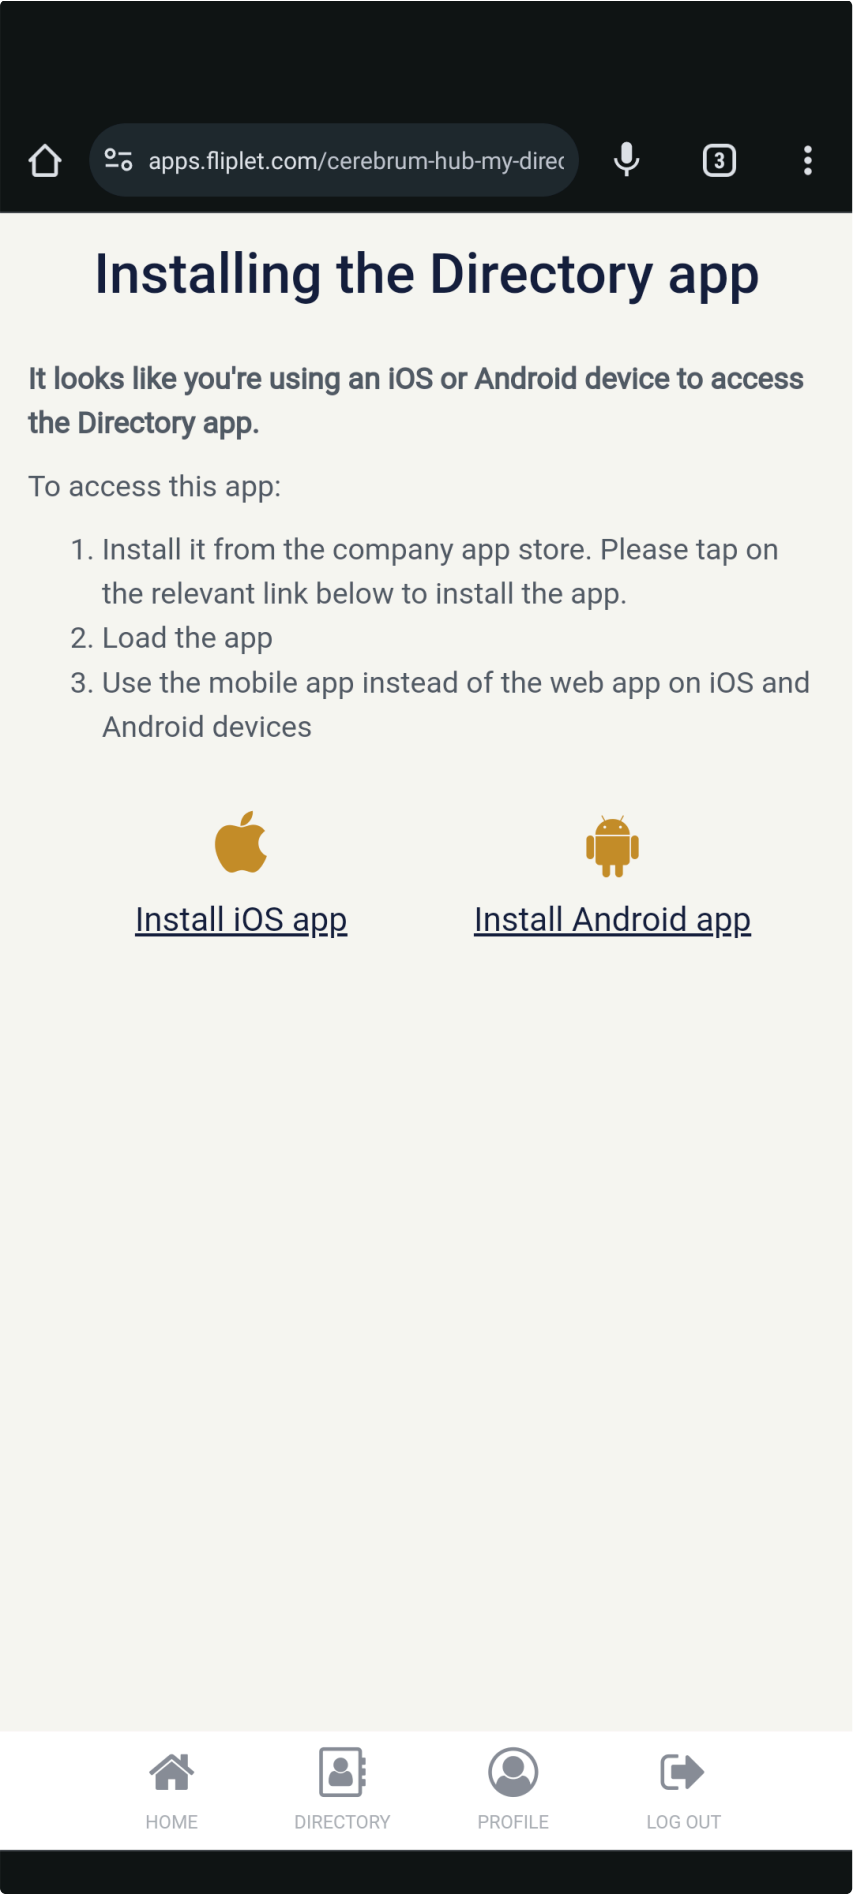

Steps:

1. Open 📒 Login - My directory (v1.0.3) Project 2 Sprint 1 on Your mobile phone
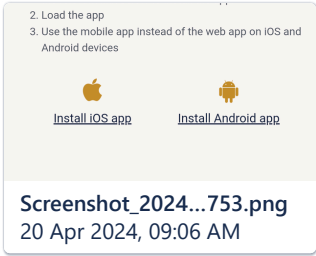

Labels	Team4

Actual Result

❌ The Company Collaboration App is accessible to all users. It's not necessary to log in to use the app on a mobile device.

Expected Result

✅ The Company Collaboration App is private. Before user can access to other pages (Home, Directory, Profile or Log out) he/she must log in or register.
